

DR. STEPHEN M. SHORE

Dr. Stephen Shore has dedicated his life to changing the way people understand individuals with autism. As a young child, he was almost institutionalized by his doctors, and he is now a college professor and published author.

His journey is a prime example of how, with the right support and education, people can realize the full potential of those on the autism spectrum.

He has written books that include *College for Students with Disabilities*, *Understanding Autism for Dummies*, *Ask and Tell: Self Advocacy and Disclosure for People on the Autism Spectrum* and *Beyond the Wall*.

Currently, he serves on the board of Autism Speaks, and is one of the first two autistic board members in its history, looking to improve the potential of those on the autism spectrum. He once led the Asperger's Association of New England and was on the board of the Autism Society of America. He also currently serves as an honorary board member for Bailey's Team for Autism.

The potential of autistic people is unlimited
-just like with everyone else.

-Dr. Stephen Shore

THE STORY OF BAILEY'S TEAM

In September of 2001, shortly after Bailey was diagnosed with autism, our family participated in the first *New England Walk for Autism*. We invited our family and friends to join us at this special event and because of the outpouring of love and support felt by our family on this bittersweet day, we were inspired to form **BAILEY'S TEAM**.

BAILEY'S TEAM was incorporated in 2008 and has gone on to raise over **\$1,300,000** in support of autism programming, awareness, education, and research.

OUR VISION

Bailey's Team for Autism (Bailey's Team) is an essential funding source for New England medical, research and human service organizations that provide programming and services to individuals on the autism spectrum from early childhood to adulthood. Bailey's Team strives to make a positive impact on the lives of individuals with autism and their families through financial support of these organizations, as well as by offering education and community programming.

OUR MISSION

Bailey's Team for Autism is committed to raising funds and awareness to support people living with autism spectrum disorders and their families with a focus on programming, education, and research.

OUR CORE VALUES

Transparency * Accountability * Integrity * Impact

Today BAILEY'S TEAM is a 501(c)(3) non-profit organization allocating 90% of the dollars we raise directly to organizations that support individuals living with autism and their families.

BAILEY'S TEAM FOR AUTISM

Bailey was diagnosed with autism in June of 2001. Following his diagnosis, Bailey's Team was founded to raise awareness about autism, and to raise funds to support programming, education, research, and family support to improve the lives of individuals living with autism and their families.

Autism is a complex lifelong disability that can impact a person's ability to communicate affecting social skills, relationships, and learning.
