

BAILEY'S TEAM FOR AUTISM

Autism is a complex neurological disorder and impairs a person's ability to communicate, relate to others and process information.

In September of 2001, shortly after Bailey was diagnosed with autism, our family participated in the first *New England Walk for Autism*. We invited our family and friends to join us at this special event and as a result of the outpouring of love and support felt by our family on this bittersweet day, we were inspired to form **BAILEY'S TEAM**.

BAILEY'S TEAM was incorporated in 2008 and has gone on to raise over \$1 million in support of autism research, awareness, education and programming.

We strive to make a positive impact on individuals living with autism spectrum disorders and their families. It is important that we educate our community about our loved ones with autism and the need to value and support them!

WE HOPE YOU WILL JOIN OUR TEAM...
