

BAILEY'S PAR FOR AUTISM Charity Golf Tournament

On Sunday June 9th, Bailey's Team will hold its **Twentieth Annual BAILEY'S PAR for AUTISM Charity Golf Tournament** to raise much needed funds to support programming, education, and research for individuals living with autism and their families.

Autism is a neurological disorder and can impair a person's ability to communicate, relate to others and process information, which has a great impact on language, learning and social awareness. With these challenges also comes difficult behaviors that are a result of the individual's frustration and his or her inability to connect.

Bailey was diagnosed with autism in June of 2001, just before his second birthday. He is now 24 years old and during the week he participates both at an adult day program and works at a bottle redemption center learning skills to be a valued member of his community. He also volunteers at a real estate office, and participates in Special Olympics bowling, an art class and an ASD Fit (exercise) class.

He brings us tremendous joy; however, we do not know what lies ahead for him. Our biggest hope is that he continues to be the happy young man that he is today.

Together, with friends and family, we have dedicated ourselves to raising awareness and acceptance about autism while also raising funds to support programming, education, and research to help improve the lives of those affected by this very challenging disorder.

We thank you for your continued support and look forward to yet another successful event!

Sammi & Doug

Bailey
February 2024
(24 years old)
