Douglas Robertson  
*Visual Creations, Inc.*

## **HONORARY BOARD MEMBERS**

Irwin & Roberta Chafetz

Elaine Hall

Stephen Shore

Bailey's Team for Autism is pleased to announce the launch of our 2021 - 2022 funding cycle, which will begin immediately (today, August 2, 2021). Please note that we will now accept proposals thru October 1<sup>st</sup>, 2021. Our Board of Directors will review proposals in January and February and grantees will be notified no later than March 1<sup>st</sup> of 2022.

Bailey's Team has been raising funds and providing grants to non-profit organizations since 2001 and to date we have raised over \$1.3 million in support of individuals with autism spectrum disorders and their families. Our priority areas for funding include programming & recreation, education & training, research, and family support & resources. We do our best to select projects that support all ages of individuals on the autism spectrum in addition to those who support them including parents and other family members of individuals with autism, and educators & other service providers. Please note that we do not provide direct financial assistance to families or individuals.

Priority will be given to projects with complete and detailed submissions demonstrating impact and/or ability to measure results. Expected outcomes should be clearly identified as well as a detailed budget and plans for execution. Bailey's Team looks to fund projects that are able to begin implementation as a result of funding – whether we are the sole source or part of a larger collaborative funding effort where additional funds have already been identified and secured. A thorough report including measurable outcomes, data collection and results will be expected at the end of the grant cycle along with a detailed breakdown of how the awarded funds were used.

To obtain our funding application including our solicitation guidelines, please visit [www.baileysteam.org/forms.html](http://www.baileysteam.org/forms.html). If you have any questions or require additional information, please contact Beth Jerskey at [beth\\_jerskey@brown.edu](mailto:beth_jerskey@brown.edu) or Sammi Robertson at [sammirobertson@comcast.net](mailto:sammirobertson@comcast.net).

We look forward to receiving your proposal. Thank you for all that you do to support individuals with autism and their families.

Sincerely,

*Beth Jerskey*

Vice President  
Bailey's Team for Autism

*Bailey's Team for Autism is a non-profit organization raising funds and awareness in support of Individuals living with Autism Spectrum Disorders and their families, with a focus on research, education and programming.*

BAILEY'S TEAM is helping to put the pieces together!
